Kids will learn the basics of the LEGO NXT Mindstorms system. Small teams will build and program robots to solve a series of missions. The teams will compete in a small tournament on the final day. Students with LEGO Mindstorms experience will be challenged with advanced missions. Limited to 12 students. The location is not finalized but will most likely be College Park HS, 3701 College Park Dr, The Woodlands, TX, 77384. The instructor is Scott Rippetoe, Lead Mentor for FIRST Team 1477: Texas Torque. He also teaches Electronics and Robotics at The Academy of Science and Technology.
